PARTNER AND ASSOCIATE

1. INTRODUCTION

Kingkio Agricultural Concept is a Subsidiary of EASY DAISY NIG. LTD.

Kingkio agricultural concept started its operation in the year 2015 and was registered as a business name in 2018 to carry out agriculture related business like crop farming and livestock farming trading of agricultural products and other agricultural related business with RC No. BN2705151

The business name became a subsidiary of EASY DAISY NIG. LTD in the year 2022 when it became officially registered as a limited liability company under the Nigerian companies and allied matters act 2020 as a private company limited by shares with the R.C. No. 2010945.

Kingkio agricultural concept has its head office at Ibadan, Oyo State Nigeria and the branch office in Oniru Lekki, Lagos Island, and Lagos State, Nigeria.

2. VISION

Lead the way towards eradicating famine in Nigeria and the world at large by improving the produce of our farmland and nutritional value of food produced while preserving and enhancing the environment.

3. MISSION STATEMENT

To attain an all year round sustainable production and supply ability through enhancing small scale farmers towards the best use of land and provision to both the consumer and small scale farmers a reliable market of high quality farm products.

4. CORE VALUE RELATIONSHIPS

Agriculture is a people business. The company strives to connect small farmers in the industry to share knowledge, resources and grow together. Therefore we encourage partnership, volunteerism and mentorship among the stakeholder along the value chain of our products.

SERVICE

The company focuses on services to individuals, cooperate organizations and the general community. The effort is through the creation of a reliable market with high quality farm products that create satisfaction to both the consumers and small scale farmers.

TRAINING & DEVELOPMENT

Agriculture is constantly evolving, and we want to meet the challenges of a changing world by promoting continual education and training to build on our talents and develop new skills on the best use of available resources among the members of company's value chain.

INDUSTRY ADVOCACY

The best way to help people understand the role of women in agriculture and the life sciences is to share information. We equip our members to be advocates of our industry and ensure members (majority women) receive sustainable income from the best farming practice which encourages more food production.

SHARED PASSION

We have chosen our respective careers because we are excited and energized to be involved in agriculture and make a difference. This shared passion runs as a common thread that unites us with all other farmers in the industry.

ENVIRONMENT

The ability to feed the future is vested on the proper conservation of the land and environment we are living today. Biodiversity conservation measures are part of our agriculture practices.
